CC: 96-45

Dear Mr. Martin:

As someone who is concerned about increased taxes and telephone fees, I oppose your plan to change the way monies are collected for the Universal Service Fund.

I have thus send letters/e-mail to my Congressional representatives--Sam Johnson, John Cornyn and Kay Bailey Hutchison--asking them to vote against any such monthly flat-fee increase on telephones. Your flat-fee system would result in forced phone bill hikes for me -- and for millions of low-volume, long-distance users in the U.S. It is unfair to shift the funding burden of the USF away from high volume users -- like big businesses and people who just yak and yak on their cell phones for hours and hours-- and placing the weight on low-volume users -- students, prepaid wireless users, senior citizens and low-income residential and rural consumers-- who choose this mode of communication for emergency or short-term use.

This proposed change isa de-facto tax increase of as much as \$707 million for 43 million of low-volume, long-distance users in the U.S.

In addition, on my land-line phone I make no more than six long-distance calls a year. I resent the fact that I am forced to pay a \$5 long-distance fee every month even though I don't make any calls most months. The taxes and fees imposed by governmental units add some \$10 to my phone bill each month. It's a sad day when the monthly phone bill for a person looking to retire in a few years surpasses the water and natural gas bill combined in most months!

Sincerely,

Carla R. Springer
